

## NATIONAL PURPLE HEART HALL OF HONOR EXPANSION PROJECT UPDATE

We are pleased to report that the expansion project at the National Purple Heart Hall of Honor is progressing well. The steel framing for the new addition is taking shape and the contractors are preparing to enclose the envelope of the building. The new façade will look like the image of the rendering below.

Once completed, the Hall of Honor will feature new exhibits that tell the stories about joining the service, the day of the incident, field treatment and evacuation, the changing nature of warfare, the consequences of war, road to recovery and the ultimate sacrifice. The expanded exhibits will include more personal stories, interactive displays and artifacts that highlight the experiences of featured Purple Heart recipients.

Currently, the Hall of Honor has an online Roll of Honor database representing Purple Heart recipients from all 50 states, Washington, D.C., Puerto Rico, Guam, Samoa and the Philippines. Staff continue to work on the Roll of Honor during the project.
